

## **Aerotel's Website Now Multi-Lingual**

### ***7 Languages for a Global Reach***

#### **For Immediate Release**

Tel Aviv, Israel, March 26, 2006. Aerotel – one of the world's leading manufacturers of cutting-edge diagnostic telemedicine systems – is always one step ahead. In order to meet different linguistic needs, its new, multi-lingual website reaches out to markets across the globe by making texts available in 7 languages. By clicking on the "Language" button on the top far right of each page, users get a drop-down menu offering texts in English, French, Spanish, German, Italian, Russian and Turkish. In the near future, the menu will also include Portuguese.

#### **About Aerotel Medical Systems (1998) Ltd.**

Aerotel Medical Systems is a world leader in cost-effective, high quality, user-friendly, medical diagnostic systems and devices for the home care, eHealth and Telemedicine markets. The company provides a complete disease management package, including transtelephonic devices designed for a variety of remote diagnostic, emergency services and monitoring applications; a hardware and software platform; plus phone and web-based software. Aerotel enables patients to comfortably conduct tests while leading normal, mobile lives. Today, Aerotel's presence is felt around the globe.

Aerotel is a CE Mark 473/ISO 9000:2000 certified company and FDA approved enterprise.
